CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## 2 Pahokee Housing Sites Are Selected

Sites have been selected by the Pahokee Housing Authority for the 118 housing units which will be erected in Pahokee for farm laborers, according to James W. Vann, executive director of the local authority.

These sites have also been tentatively approved by the Atlanta field office of the Public Housing Administration. This tentative approval is based on the availability of the land at a price within land values in the area, Vann said.

The site for the White housing project, which will include 40 units, is a five-acre tract on the Belle Glade road near Crews' supermarket.

The site for the Negro housing project which will provide for 75 units is a tract of eight and one-half acres approximately 400 feet west of the junction of the Rardin Hwy and McClure rd; near Pahokee colored town. The site for the White project is owned by A. J. Gamot and the site for the Negro by R. O. Crosby.

According to Vann the preliminary plans for the labor centers are being drawn by Edgar Worthman, architect, of Lake Worth.

## South Bay Will Hold Election

Two councilmen and a chief of police will be elected at a municipal election to be conducted at the South Bay City Hall on Tuesday, Oct. 2. Councilmen whose terms expire at this time are Mark Chalancin and C. E. Crichtfield.

Candidates must be bona fide residents of the City of South Bay, registered electors, and for councilmen must be owners of real estate within the limits of the city.

The deadline for filing as candidates to get the name on the official ballot has been set for noon Sept. 15. Candidates may file at the City Hall with the City Clerk. Registration books will remain open until 5 p. m. Sept. 21. Those who are now registered will not be required to re-register at this time unless they have at any time moved from South Bay to another locality. In this case they will be required to have been residing within the city limits for a period of six months immediately preceding the date of their re-registration on the city books. New residents are required to have been in the State one year and in the city six months.

## FFA Quartet Sang For American Legion

The Pahokee FFA Harmony Quartet, composed of Charles McCurdy, Bobby Schroder, Melvin Tills and Dickie Atkins, sang several songs at a meeting of the South Bay American Legion Post Tuesday night. Also on the program were two other Pahokee boys, Chuck Elliott and Lewis Colins, who gave a resounding rendition of the boogie-woogie on the piano.

## Band To Have New Practice Room

The building adjoining the Pahokee High School campus, formerly occupied by C. C. Miller and family, is being remodeled for use by the high school band.

Partitions are being torn out to make a large 30 by 30-foot room where the band can hold its daily practice sessions. The building will also contain an office and storage room for band instruments and equipment, these to be completed later. L. W. Mullis, school board carpenter, is supervising the work.

This building is reported to be only a temporary arrangement as plans for a new gym at Pahokee High School include space for the activities of the band.

## Pahokee Lions Plan Dock Dedication

Pahokee Lions at their Tuesday luncheon meeting announced plans for a dedication program for the city dock which was built this summer by the Palm Beach Port of Authority to replace the one destroyed at the Pahokee waterfront by a hurricane.

The Lions will work with the Pahokee Rotary Club working out details for the program, with the civic improvement committee, including Louie Gold, Perry Duke John Sutterfield and Herman Kautz representing the club in this project. Tentative plans call for boat races, boat rides, rod and reel casting contests and other forms of entertainment. A date for the dedication has not yet been set.

The football clinic for Pahokee and Belle Glade football teams to demonstrate new rules and regulations was also announced at the meeting.

John A. Dulany, exchange visitor from the Pahokee Rotary Club, invited the Lions to attend the Rotary luncheon on Thursday, Sept. 20, at which time a guest speaker will explain the new income tax law. Canal Point Lions have also been invited to be the guests of the Rotarians at this luncheon. Dulany said.

On the program Franklyn Howell and Jimmy Reece, talent scout performers, presented a harmonica and comedy act.

## Enrollment Down At Pahokee Schools

A total of 568 children were registered at Pahokee Schools on the first day of school Tuesday, Sept. 4, according to Principal Clyde A. Canipe. Of these 310 are in the elementary school, first through the sixth grades, and 258 are in junior and senior high school. This number is slightly under last year's enrollment on the first day of school, Canipe said.

The enrollment by grades was as follows: First grade, 46; second, 63; third, 48; fourth, 57; fifth, 44; sixth, 52; seventh, 48; eighth, 40; ninth, 49; tenth, 44; eleventh, 39; twelfth, 38.

Joe Alderman left Tuesday for Sarasota to visit his brother, Alva Alderman, who is ill there.

## School Payroll Is Substantial One In Palm Beach County

One of Palm Beach County's most substantial payrolls, totaling \$2,448,100 for 1951-52, goes to the teachers in the county's school system.

To give a clearer understanding of the fiscal picture, especially in view of reports that teachers are continuing efforts to have Gov. Fuller Warren call a special Legislative session to act on requested \$300 annual raises, the School Board office was asked for a concise outline of the present salary set-up.

The following figures quoted were furnished by County Superintendant L. W. Watkins' office.

Instructional payroll, covering teachers, supervisors and principals, accounts for 67.61 percent of the School Board's operating budget.

For 1951-52, the \$2,448,100 figure covers the \$142,800 required to furnish across-the-board \$200 cost-of-living raise granted each of the 717 teachers on the roll.

Teachers are paid in 12 installments, but serve 10 months. Next year, final salary checks of the year will be paid in July, Mr. Watkins said.

This \$200 per teacher was not incorporated in the salary schedule, which has not been increased, but is strictly an extra amount allotted for this one year, and has nothing to do with the \$300 teachers are seeking from the State.

The payroll is met through county and district tax levies, totaling

(continued on page 8)

## Garden Clubs Plan Years Program

Circle presidents and program chairman of the Pahokee-Canal Point Garden Club met with Mrs. C. M. Todd, club president, and Mrs. Frank Friend, club program chairman, to outline club and circle plans for the coming year. It was announced the first business meeting of club officers will be held at the Pahokee First Methodist Church Friday, Sept. 7, at 10 a. m.

Monthly programs for the club were planned as follows: On Sept. 25 there will be a supper and the showing of motion pictures of national park scenes to be held at the County Park community building in Canal Point, a charge to be made for the supper and the public to be invited. The October meeting will also be held in the community building on Wednesday, Oct. 30, at 3 p. m., with Mrs. McIntyre of Clewiston, guest speaker, to give a talk on conservation. The November meeting will consist of a flower judging school. The annual Christmas party and bazaar will take place in December nad the annual Arbor Day picnic will be held at the park in February. The installation of new officers will take place at the May meeting.

Programs for January, March and April meetings will be announced later.

Each of the four circles, Point

## Get Your Drivers Licenses Now

Drivers licenses for 1952 went on sale at the Florida Highway Patrol building on Canal Point Road, Pahokee, Tuesday of this week. Mrs. Marvin Cowart is in charge of the issuing of the licenses in the examination room of the FHP offices. They may be obtained each week days Monday through Friday, from 9 a. m. to 4:00 p. m. and on Saturday from 9 a. m. until 12 noon.

Operators' licenses are \$1 each and chauffeur's, \$2, with the county judge's fee added to the price of each license. The 1951 license expire Sept. 30.

## Canal Point PTA Off To Good Start

Members of the executive board of the Canal Point Parent-Teacher Association held their first meeting of the season at the home of L. V. McClelland, PTA president, to make plans for the new school year.

It was announced the first regular meeting of the Canal Point PTA will be held in the school auditorium Monday, Sept. 10, at 8 p. m. County Superintendent Howell Watkins has been invited to attend as guest speaker and a reception for the school teachers will be held during the social hour.

The group voted to make an all-out effort for a PTA blue ribbon rating this coming year and assumed as its first project the purchase of a new stage curtain for the school auditorium.

Mr. McClelland named as chairman of standing committees J. W. Pepper, finance; Osceola Upthegrove, program; Mrs. L. V. McClelland, membership; Mrs. Pope Sears, publications and publicity; Mrs. J. W. Pepper, hospitality; Mrs. Arnold Scruggs, exceptional children's work; Mrs. Monroe Pope, Junior Red Cross; Mrs. Boyd Vorhees, room mothers and study group; Floyd Erickson, welfare, and Mrs. A. R. Harrington, Christmas card fund-raising project.

## Sugar Cane Fields In Fine Condition

CLEWISTON—Following an inspection of cane fields of the United States Sugar Company plantations, Harry T. Vaughn, vice-president and general manager of the corporation, termed cane prospects for the coming season to be "excellent."

With the harvest season still two months off, Mr. Vaughn would make no prediction as to the outcome of the present crop since there are too many factors which enter into the picture, including the possibility of hurricane or flood damage.

"Weather conditions throughout the growing season have been splendid," he said, "with hot weather and plenty of moisture, an ideal combination for the growing of sugar cane."

Harvest operations usually begin around the first of November and continue for seven months.

## Livestock Markets Enjoy Good Sales

WINTER HAVEN—"Hog sales increased over the previous week with most of the livestock sales centers reporting heavy runs for this early in the season. Hog sales totaled 4,168 head as compared to 3,908. Cattle sales were slightly lower with only 5,175 head as against 6,262 head. Gross sales on eight of the sixteen markets reporting totalled \$196,896.77 better than \$14,900 under last week's \$211,894.02 gross sales on an equal number of markets. Horse sales increased from 7 to 15 head. Reports varied as to market conditions, but steady to strong prevailed on cattle with hog prices generally declining. William L. Wilson, Director of State Markets said in summarizing the reports from the individual markets:

Arcadia State Livestock Market, sale of Aug. 29, 462 cattle, 9 hogs

Belle Glade, Glades Livestock Market, Assem. Aug. 27, 331 cattle, \$32,041.00

Bonifay State Farmers' Market, Aug. 29, 178 hogs, \$5,272.78

Defuniak Springs, Walton County State Livestock Market, Aug. 30, 4 cattle, 136 hogs, \$3,131.59

Gainesville Livestock Market, Aug. 27, 618 cattle, Aug. 24, 865 hogs, 9 horses

Gainesville, Farmers' Produce & Livestock Market, Aug. 28, 165 (continued on page 8)

## 133 Enrolled At Canal Point School

The enrollment of children at the Canal Point School on the first day of school, Sept. 4, totaled 133, according to Principal Claude Williams. An additional 25 children are expected to attend the Canal Point School when the season gets fully underway, Mr. Williams said.

The enrollment by grades: First, 14; second, 18; third, 14; fourth, 20; fifth, 17; sixth, 13; seventh, 20; eighth, 17.

T. Q. Harrison of Fort Myers was appointed the past week by the County Board of Public Instruction as teacher of the eighth grade at the Canal Point School, this appointment completing the teaching staff at the school. Mr. Harrison had had three years of graduate work at Yale University, New Haven, Conn.

An athletic program is being planned for the Canal Point School this year under Principal Williams' supervision.

## John Hooker Spoke At Rotary Meeting

John Hooker of Belle Glade was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club last week.

Introduced by Ellsworth Keen, the speaker gave a talk on "The Veterans Farm Training Program," explaining how the program is being carried out in the Glades farming area. He said World War II veterans who are eligible to participate in the program receive \$62.50 a month, if single, and \$97.50 a month, if they have a wife and child, during the training period.

### 25 Years Ago

R. H. Little, who has a farm at Bolles canal and Miami canal, is vacationing in Massachusetts. He and Mrs. Little have been at Pocast, Mass., and writes that they will go back to Watertown this week. They expect to return to the Glades October 1st.

Frank J. Laird, member of the board of public instruction of Palm Beach county has returned from a vacation spent in the north.

P. H. Walker of Chosen has gone to Massillon, Ohio and will be there six or eight weeks.

Several residents of Canal Point and Pahokee attended the summer reunion of the Scottish Rite Conistory at Lake Worth Friday and Saturday of last week. Members of Everglades Lodge, F. & A. M. who received degrees to 32 percent were J. W. Barrett, C. A. Stuckey, Louis C. Goolsby and E. G. Kilpatrick, Jr. George Southard of Port Mayaca was one of the party who received the degrees in Masonry.

Earl Daniels, captain of the Arundal Corporation's dredge Florida came in yesterday for supplies. The Florida if patrolling the levee in the Ritta section until the Caloosahatchee can get in to make a finished job.

A 50-foot observation tower has been erected on the Mayaca Company's property north of Canal Point. It is located about half a mile south of the canal bank road, between the commissary and the lake front. The foreground view from the tower is of the area of the small farm development, with the lake in the western background.

H. Worship, who bought tomatoes last season from the W. H. Vann house, is negotiating for a site for a packing house to be erected and operated by a Chicago commission firm. Dr. Schwarz and E. J. Sharon and associates, who bought sections 9 and 17 from the Corporation, will have a packing house for fruit grown on their property. Peterson & Whidden will have a new house to replace the one that was blown down during the July storm. Interest in packing houses at this early date indicates that a big acreage of tomatoes is expected.

Guy Sharon, R. Boe, J. R. Poland and Messrs. Oleson and Anderson went to Ritta Island the latter part of last week and saw how the pump operates on Edward A. Forbes' property. The demonstration was such that decision has been reached to put a pump in section 8, where all of the dike arrangement is already taken care of. The co-operation of non-residents who own land in that section is solicited.

Lumber cut by L. L. Davis at his mill in Okeechobee county is being transported from Canal Point to Kraemer Island by John Fultz for Turner & Gumi. The lumber is tongued and grooved and is being moved in the Iris F and is being used to make a breakwater.

G. S. Cox has opened a grocery store in a new building on the Stuckey land south of the railroad contractors camp.

Canal Point-Pahokee base ball team won Sunday of last week from Okeechobee team by a score of 4 to 2. The game was played at Port Mayaca. The perseverance of

years was rewarded, for this is the first time the East Beach team has won. The team is playing Okeechobee this Thursday afternoon. The game last week was featured by Witt Guise's pitching.

Fred C. Elliott of Tallahassee, Fla., chief engineer of Everglade drainage district, passed through Canal Point at noon yesterday.

F. M. Davis was in Canal Point recently and made inquiry about the practicability of establishing a fish packing house here. He was encouraged to do so by Statler Agent Daugherty of the F. E. C. Railroad and said he probably would.

Mr. and Mrs. Fraude J. Taylor returned Wednesday night, driving through from Ripley N. Y. their summer home. They are occupying their apartment in the Magaw Building. Mr. and Mrs. B. A. Bourne, who had the Taylor apartment during the summer are living at the sugar mill boarding house until the dwelling at the cane station is completed.

Mr. and Mrs. Arthur P. Bush and child have returned to their former home in Blakely, Ga. They were accompanied by Mrs. Bush's mother Mrs. D. F. Davis.

Mr. and Mrs. J. C. Tabb and son, who were visiting relatives in Plant City for a while, return home last week.

Ernest Lindrose celebrated his 12th birthday Sunday evening at

his home. There were eleven of his boy friends in attendance. After playing many interesting games, ice tea, ice cream and candy were served for refreshments.

### Young Women May Join U. S. Marines

JACKSONVILLE—For the first time since World War II, young ladies who join the Women Marines will have an opportunity to be stationed in Hawaii for duty, according to Major J. J. Reardon, State Marine Recruiting Officer.

The first contingent of one officer and 17 enlisted women are scheduled to report for duty at Headquarters, Fleet Marine Force,

Pacific, at Pearl Harbor early in October where they will be assigned administrative duty.

The enlisted personnel will be selected for this duty from Marine Corps activities throughout the country.

Headquarters Marine Corps said it had no plans for sending its women members overseas except to Hawaiian Islands.

The United World Federalists look on the United Nations as the only instrument in the world today that provides a groundwork or foundation on which world peace can be built. A union of free nations with power to back up its effort is imperative if peace is to be gained.

## Pahokee FMWS Held First Meet Of Season

Miss Eleanor Kidder of Belle Glade was guest speaker at the September meeting of the Pahokee First Methodist Woman's Society of Christian Service held at the church Tuesday, this being the first meeting of the fall season.

Introduced by Mrs. J. T. Boynan, program chairman, the speaker, who has been appointed director of religious education at the College Heights Methodist Church in Lakeland, gave a talk on "The Significance of Religious Education in Children's Work." At the end of her talk she answered questions from the audience and played a selection from "The Messiah" on the organ.

At the business session, with Mrs. Ruth V. Meredith, president, presiding, the society voted to continue placing flowers in the church every Sunday, circles to be responsible for this work through designated monthly periods.

## Canal Point WSCS Hold First Meeting

The Canal Point Methodist Woman's Society of Christian Service held its first meeting of the fall season in the Sunday school building of the church Tuesday afternoon with Mrs. Earl Maxson, president, presiding.

Mrs. Boyd Vorhees reported the Canal Point WSCS has received jurisdictional credit for the completion of the mission study course.

based on the textbook, "A Christian Vocation." Mrs. J. R. Roy, wife of the new pastor, expressed her appreciation to WSCS members for the work they have done this summer in redecorating the parsonage.

The program was presented by Mrs. Boyd Vorhees and Mrs. F. M. Wilson led the worship service.

At the conclusion of the meeting refreshments were served to approximately 20 members and guests by Mrs. James Miller, hostess.

**Cinematic Chatter**

By Malcolm Miller

Joan Bennett and her teen-aged daughter, Melinda, have arrived on the East Coast to fulfill a six-weeks engagement in summer stock. The talented actresses are slated to make their initial joint appearance on the eastern "boards" on the Connecticut "Straw hat circuit." Young Melinda recently made her theatrical bow with her famous mother at La Jolla, summer playhouse in California. Rugged William Bendix forsakes the film capitol in favor of New York, where he is set to perform in summer stock. During his up-coming stage stint Bill will play the role of "Detective Lou Brody," the same role he plays in the screen version of the Boardway success, "Detective Story." The movie will be released this fall. On the romantic scene, if you need additional proof that Hollywood marriages do last, here it is . . . Loretta Young and her husband, Tom Lewis, celebrated their

eleventh wedding anniversary last month. And to prove that some husbands do remember anniversaries, Lewis selected a choice lot on swank Sunset Boulevard and presented it to his ever loving wife in honor of the occasion. See you at the movies—Mal.

**New Fla. F&V Building At Orlando**

ORLANDO — Construction of a new office building for the Florida Fruit & Vegetable Association, a statewide organization, is now under way in Orlando. When completed the new structure will be the headquarters of the Association, whose members grow and ship the bulk of Florida's \$120,000,000 annual crop of fruits and vegetables, except citrus.

The new building is scheduled for completion about October 1 and will be occupied immediately following the Eighth Annual Convention of the Association in Miami Beach on October 3, 4 and 5. Present offices of the organization are also in Orlando.

An urgent need for twice the present floor space as a result of increased activities requiring additional personnel was given as the reason for the move from present quarters.

The office buildings, which will be 40 feet by 80 feet, is to be of reinforced concrete and masonry construction. Air-conditioned, it will consist of a general manager's office, a large office and assembly room, and a mailing room.

LaMonte Graw, general manager of the Association explained that the directors selected Orlando for the building because of the convenience of such a central location to the hundreds of members whose enterprises are located in nearly all parts of the state.

**PR To Hold Short Course At Gainesville**

GAINESVILLE — The Public Relations Short Course will be held here October 25, 26 and 27.

Sponsored by the Florida Publicity and Public Relations Association and conducted by the General Extension Division of the University of Florida under the guidance of Dean B. Riley, the PR course promises to be the most comprehensive course of its type ever conducted in Florida.

President Bob Eastman has invited as principal speaker, Lloyd D. Mitchell of California's highly successful centennial celebration.

The first day's activities will be devoted to positive instruction in the practical aspects of the PR field, and will include news writing, radio sales, news feature and magazine writing, brochures and display advertising, photography, radio writing and television scripts.

Officers for the coming year will be elected Saturday morning, October 27. Elections will be conducted under the Association's newly-adopted constitution and by-laws whereby the Association will have a director from each congressional district and only one vice-president.

There will be a luncheon Saturday noon in honor of FPPRA's past presidents. Saturday afternoon Association members will attend the Florida-Kentucky football game.

**Communication Lines Must Go Through**

WITH THE THIRD INF DIV IN KOREA — Like the mail, the communications lines must go through, says Pfc. Frank S. Stern Jr., of Canal Point, Fla., and the 1st Battalion of the 7th Infantry Regiment, 3rd Division.

Sterns recently was crossing a field with a mile of wire—about 85 pounds—on his back. He was running a line between the battalion command post and a forward line company.

Suddenly an enemy machine gun opened up and Sterns dropped behind a small mound. Mortar rounds began coming in.

A friendly machine gunner nearby returned the fire until his barrel burned out. Mortars came in again. The bushes over his head were clipped off by enemy fire.

Finally things quieted enough for him to pull out of the range of fire and take a different tack. This time he got where he was heading and got another job—returning the burned-out machine gun barrel and two prisoners.

"All in a day's work for a communication lineman," said Sterns, whose father, F. C. Sterns, resides in Canal Point.

**Don't Get Alarmed About Balloons**

JACKSONVILLE — If you see a funny looking pillow shaped balloon floating over your home or find one on your front lawn, and on examining it discover that it is imprinted with the words "Svoboda" or "Wolno," don't be alarmed.

These balloons, similar to those now being released in Western Europe in the Campaign against Communism, will be released with fitting ceremony in many Florida cities this month as part of the Crusade for Freedom program.

Those queer looking words may not mean much to you, but they spell "Freedom" in the Polish and Czech language. This dramatic use of the balloons is to acquaint you with one of the methods now being used to pierce the iron curtain.

You can personally help in this mighty Crusade for Freedom by contributing as you are able so that more balloons can be released and more radio stations erected to carry the Truth to the enslaved nations.

Nothing has been so disturbing or is more feared by the Kremlin than these constant messages of Truth that are reaching the captive people of Eastern Europe.

State Chairman Harold Cole urges your full support of this worthwhile effort to help fight the lies of Communism with Truth about America and the Free World.

St. Augustine has smashed all records for summer tourists this year. The Chamber of Commerce reports that local tourist attraction show increased attendance from 30 to 300 per cent. The Lightner Museum had three times as many visitors last month as it did the corresponding month a year ago.

7:30 P. M.—Evening Service.

## Christian Science Group Of Canal Point

Spiritual man's perfection and his real identity and selfhood as a child of God will be the theme of Christian Science services next Sunday. Subject of the Lesson-Sermon is "MAN".

The Golden Text is taken from Paul's letter to the Romans (8: 14): "As many as are led by the Spirit of God, they are the sons of God."

Included in the Bible readings is the following from Genesis (1: 27): "So God created man in his own image, in the image of

God created he him; male and female created he them."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is co-existent and coeternal with that Mind . . . The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love. Immortal man is not and never was material, but always spiritual and eternal" (p. 336: 9-12, 14).

## Drive With Care On Approaching Schools

With more than half a million children returning to school this month, Safety Director H. N. Kirkman urged motorists to be doubly careful when approaching school zones.

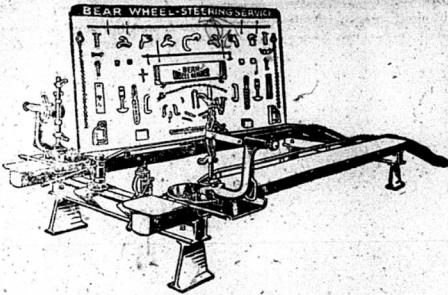

"Expect the unexpected from children," Kirkman said.

He pointed out that in addition to travel in private automobiles, bicycles and walking, buses will be operating on our streets and highways transporting children to and from school.

"Motorists who ignore the law requiring a full stop when meeting or overtaking a bus while it is loading or unloading risk arrest the Florida Highway Patrol Director warned.

"These are Florida's most precious resources," he continued "but they will take chances like darting from between parked cars, skylarking along the highway and committing other dangerous actions."

Patrol statistics show that 113 school-age children were killed and 316 injured in traffic accidents last year in Florida.

# Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

## Churches Of The Glades

(This message sponsored and space made available  
by Paul Rardin).

### Defense is your job, too!

Reflecting brilliant factory lights like a myriad glimmering stars, these masterpieces of American industrial design are in reality plastic plane noses awaiting inspection. They will play an important part in America's preparedness program; they are the tools of the U. S. Air Force in its job of defending you.

Defense is your job, too. And one of the best ways you can carry out your part is by making your family and your country economically strong. Buy United States Defense\* Bonds now and buy them regularly. Go to the pay office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. Do it today!

\* \* \*

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you don't save at all.

So go to your company's pay office—now—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.02 cash! You'll be helping protect America—and helping your dreams come true.

### \* U. S. SAVINGS BONDS ARE DEFENSE BONDS BUY THEM REGULARLY!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

(continued from page 1)  
\$1,137,099 and State funds aggregating \$1,311,000.

The millage is the same for the coming year as for the current, including 10 mills in the general school fund, interest and sinking funds, ranging from 1 to 3 mills in individual districts, and District 1 building and bus fund, 2 mills.

The bulk of the instructional staff, or 534 out of 714 in the system, fall into the salary range of \$2,200 to \$3,675 annually, while nine are in the highest bracket of \$2,800 to \$4,425.

Only one is in the lowest of \$1,800 to \$2,550.

Increments above the basic schedule, paid to seven supervisors, principals and assistant principals in the 57 schools, coaches and band leaders, based on such factors as size of school, units produced by school and number of teachers, are responsible for apparent discrepancies in the table of aggregate salaries in each salary range.

High school principals receive salaries ranging from \$3,000 to \$6,600 according to schools, with assistant principals getting from \$300 to \$400 annually above the basic salaries; deans \$200 to \$350 above the basic; coaches \$500 to \$1,200 above the basic, according to size of school; assistant coaches, \$500; band directors, \$500 to \$900 above basic; principals of elementary and junior high schools an average of \$200 to \$250 above basic, plus \$10 per teacher and \$10 plus instructional unit and extra if serving as a teaching principal. In schools of not more than three teachers principals receive a flat \$150 above basic salary.

The range of salaries, over a 15 year spread, was cited as follows:

Rank I, more than five years of college: \$2,800 to \$4,425, nine teachers totaling \$41,650.

Rank II, five years of college: \$2,450 to \$4,075, total of 109 at \$451,705.

Rank III, four years of college: \$2,200 to \$3,675, total of 534 at \$1,783,020.

Rank IV, three years of college: \$2,100 to \$3,100, total of 43 at \$122,675.

Rank V, two years of college: \$2,050 to \$2,800, 18 at \$46,500.

Rank VI, below two years of college: \$1,800, to \$2,550, one at \$2,550.

The over-all budget is \$4,924,200 as compared to the 1950-51 \$4,857,960 figure. Of the former figure, \$3,621,146 is for operation, with items other than salaries being divided as follows: General control or administration, \$80,300; other instructional expenses, \$122,949; operation of plant, \$278,960; maintenance, \$147,000; auxiliary agencies, \$140,087; fixed charges \$75,352; other schools for adults and veterans, \$43,000; debt service, \$61,188; reserve and balance, \$22,210.—Palm Beach Post.

**"Appointment  
With Danger"**

with  
Alan Ladd

How long since you lifted the hood of a car, and took a good look at what's beneath?

We like to have folks do that with a Buick.

You'll find that broad bonnet isn't put there for show. It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full.

And—if you're up to date on modern features—you'll find that this bonnet is packed with these too.

Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick. *No Buick engine has ever been built in any other way.*

Do you know what it takes to make full use of high compression? A valve-in-head engine!

Score two: *Buick has been stepping up compression ratios for years.*

But Buick has blazed one trail which other engines still haven't followed—don't ask us why.

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.

Want to try it? Come in and see us soon.

Equipment, accessories, trim and models are subject to change without notice.

The secret of Fireball Power is in the use of dome-and-dip design of the piston shown above.

Here's the piston inside the cylinder. As it moves down, the fuel charge rushes in—sets up a swirl when it hits the piston top.

The piston moves up—compresses around the spark plug—lets loose its pent-up charge when the spark is fired—delivering a higher percentage of power from each charge of fuel.

The ball of fuel is compressed around the spark plug—lets loose its pent-up charge when the spark is fired—delivering a higher percentage of power from each charge of fuel.
